Decent story mode nothing speical, but you should never except anything too special from a fighting game story mode. Still had fun playhing through it.. Story line cinematics have few fun moments, but it absolutely does not worth 15 euro. Халява!!!. It sucks so bad, don't buy it!. Scene 1: did I start Call of Duty by accident?

Scene 2: ah fighting, I'm right here.

Scene 3: did I start some secretary pr0n by accident?

Scene 4: did I start some 80s movie by accident?

Scene 5: ah fighting, I'm right here.

If you want a hilarous, funny, weird and sexy Z-movie with interactive fight scenes, get it.
